

2024 has a lot in store for all of us.

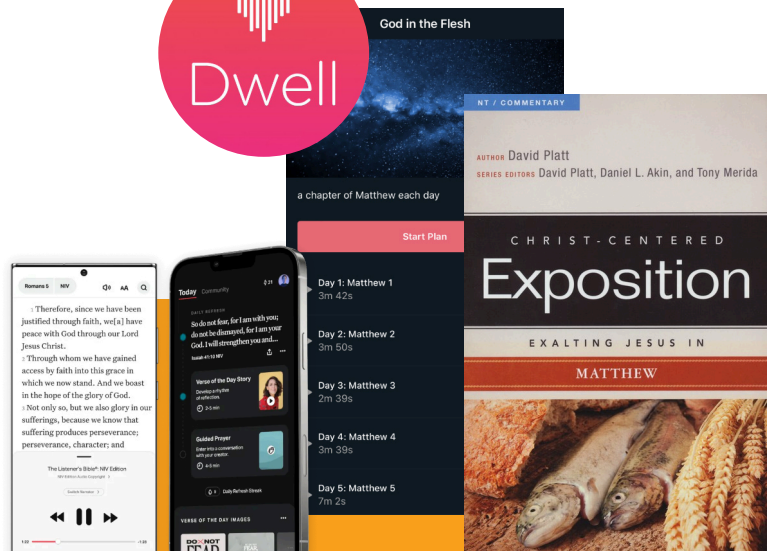

Whether your year ahead looks like joy, chaos, grief, frustration, or something in between, we know the answer for life to the full is Jesus.

That's why we're taking a deep dive into Matthew's retelling of Jesus' life and we want to invite you into it with us, too.

Beginning in January, we're going to read 1 chapter of Matthew each day. In February, we'll start over at chapter 1 and do it again. Then in March, a third time.

Sometimes we read the Bible in large chunks but this time we're slowing down to really consider what God wants us to understand about Jesus' way of life.

We hope you will, too.
